

7th May 2009

Dear Parent,

Year 10 Students

As you will be aware from our school calendar, the Academy internal examinations will take place in the week beginning 18th May (Art Exam 15th May). Your daughter's subject teachers will have been preparing her for the exams during lessons in terms of content and revision techniques.

The examinations are a key indicator of how your daughter is progressing through Year 10. We will inform you of the final results (a GCSE grade) in your daughter's end of year report which you will receive during the week beginning 5th July.

We would appreciate you encouraging your daughter to revise carefully for her examinations, good practice now will engender good habits for future public examinations. Could we also ask that your daughter comes to school prepared with the correct equipment for each examination as it is Academy policy not to lend equipment during examinations.

Outlined below is the examination timetable for the week. You will see that some study time is set aside during the week, again, please encourage your daughter to ensure that she has sufficient study material and the correct books with her to make best use of this time.

	Fri 15th	Mon 18th	Tue 19th	Wed 20th	Thu 21st	Fri 22nd
